

***"With the way  
the government  
is going against  
the working people  
and the poor people,  
its lucky we have  
a man like  
General Baker  
to vote for.  
We know he  
cares about us  
and that he won't  
sacrifice his  
principles  
when he gets  
to Lansing."***
